

## **About The Free Estimator**

All The tools on the Snappshott platform are a culmination of 37 years of financial planning experience, both, in the field with clients and in the classroom with teachers - fused with technology to create, The Free Estimator - which is a very simple version of a self examination tool for financial wellness for You, Your Family and/or Your Employees.

When you use it you will find that the trickiest part is finding out information about yourself you DO NOT know – that you didn't know.
